BULLETHAWK  
RACING

Formula Student Competitions of 2010-11

**Bullethawk Racing represents University of Delhi & Netaji Subhas Institute of Technology (NSIT) as their official entry to Formula SAE events in the country and abroad. We are a team of spirited and hard-working students led by a visionary team leader.**

*NSIT is University of Delhi(DU)'s School of Technology and is one of the top 10 engineering colleges of the country.*

*Society of Automotive Engineers (SAE) is an international society which facilitates interaction of experienced and young engineers and also holds international competitions to provide them with hands on experience about the industry.*

*Formula SAE is one such event being organized by SAE wherein the participating teams design & build a Formula 1 prototype car from scratch, to be tested by F1 technicians. International events include FSAE Japan, FSAE UK, Formula Student Germany & FSAE Australia.*

Bullethawk Racing participated in FSAE India, 2009 held at Chennai and won laurels for the institute by displaying its prowess in both design and fabrication of the car.

The team secured the 4th position in each Design and Presentation and was adjudged 6th overall. The event had participation from 27 teams from around the country and the competition was cut throat.

With the experience gained from Chennai the team now aims to make their mark in the international platform as well. The plethora of talent in the team anxiously waits to grab the next opportunity to showcase their talent.
